## President's Letter

The month of July is always full of "summer" activities... picnics, vacations, swimming, corn on the cob, and Fairs! And this July 2016 is no different. Already I have had some great Iowa sweet corn, a couple picnics, a stay at home vacation, and now, I'm looking forward to the Warren County Fair. I hope you are also!!

If you signed up for any of the competitions at the fair, I wish you lots of fun and luck. And for those of you who signed up for the Genealogy categories, I hope you are working hard to make your entries as interesting and exciting as you can. I'm working on mine.

Even if you didn't enter into the competition this year, I hope you will come by our booth in the Morton Building some time during the fair to see the work of your fellow family historians. We don't often get to see how others prepare their materials, see pictures and other family heirlooms displayed, and chat with each other about our trials and triumphs. At the fair we have opportunities to do it all!!

The Genealogy Booth is manned by one (or ideally two) persons all the time the Morton Building is open. This is a volunteer activity and I hope many of you will spend some time "volunteering" to sit with the booth. We try to talk with visitors about Family History, offer info about our organization, and generally protect the entries that are entrusted to us from coming to any harm. We have never had any problem in this regard but our responsibility is always present.

To sign up for the Booth, get in touch with me any way you want. E-mail: [blm4101@yahoo.com](mailto:blm4101@yahoo.com); 515-962-9261. Come by the booth.

Looking forward to seeing you there!

Brenda Morgan, President, WCGS

If you could see your ancestors, all standing in a row,  
Would you be proud of them, or don't you really know?

Some strange discoveries are made in climbing family trees,  
And some of them you know, will not particularly please.

If you see your ancestors, all standing in a row,  
There might be some of them, you wouldn't care to know.

But's there's another question which requires a different view,  
If you could meet your ancestors, would they be proud of you?

## CEMETERY BOOKS

Hopefully you are not getting tired of hearing this but the West Side of the Indianola Cemetery is coming closer to being finished. Some new people are helping with the walking and that is greatly appreciated. Hopefully the walking and verifying will be done by the time of the Warren County Fair. Some of this depends on the weather. It's no fun when the temperatures are in the 90s! If you want to help with the indexing let us know. It's easy to learn and the only thing you need is a computer and MS Word. I can be contacted at [jott396116@aol.com](mailto:jott396116@aol.com)

## NEWS FROM FAMILY SEARCH (familysearch.org)

On July 15, FamilySearch International launched the world's largest indexing event with a goal of bringing more than 100,000 people from around the globe together online during a 72-hour period to save the world's records by making them searchable to the public.

"FamilySearch believes everyone deserves to be remembered," said Shipley Munson, FamilySearch International's Senior Vice President of Marketing. "All should have the opportunity to find their ancestors, and we provide a simple way for people to make those family connections."

During the 72-hour indexing period, volunteers participated by downloading the FamilySearch software, a program that stores scanned copies of a variety of old records. Volunteers then completed as many records as they could by retyping the information from the scanned images into the program.

Volunteers have made over one billion historic records searchable online since FamilySearch introduced online indexing in 2006. The demand for volunteers continues to grow as millions of historical records worldwide are added online every year and as more people take interest in making personal family discoveries.

## POKEMON GO CAUSES PROBLEMS IN CEMETERIES

Hi. Lisa Thorne here. My fellow Board Members have asked me to talk about this game issue. Quite unexpected?! Never thought that I'd have to post about "Pokémon Go" on the Lancaster Cemetery's Facebook site! Hahaha!!! Seems like this game "is a huge thing", all of a sudden. So cool - but I have

to say some stuff in an official capacity:

For anyone who doesn't know: They just released a smartphone video game that forces people out of their houses, to walk around in the real world to achieve \*game goals\*. Game goals can only be reached by ACTUALLY WALKING and visiting certain physically-real places. Sounds like a great thing, really? I personally have to be 100% behind it! Get those usually sedentary gamers off their butts to walk around for hours! YAY! Forced exercise!

However, this presents A STRANGE, NEW PROBLEM for the Lancaster Cemetery. We've had a huge, new influx of Pokémon wanderers at all hours of the day and night. If you'd just think about it for 30 seconds, you'll begin to appreciate the potential problems.

Yes, Lancaster Cemetery is "on the map" & is able for visitation from dawn til sunset. The hours were made for the convenience of mourners & care-takers of the cemetery. The very liberal hours were not created thinking about folks wandering around like blind zombies, looking for imaginary internet scores - while staring at their cell phones. That is dangerous!

While the Lancaster Cemetery is regularly mowed & every effort is taken for grounds upkeep, it is \*so not\* a flat field. Similar to a park - but not quite. TOTALLY UNLIKE a baseball field. There are natural dips & gullies - rabbit & gopher holes - not to mention unexpected headstones below 'grass-level', etc. Very easy to trip over the terrain if you're chasing a Pokémon & not paying attention. Also, some of the headstones are not totally "solid & immovable." Nobody wants a 200-pound headstone to topple over on them. Yet, I've seen families in the cemetery that allow their kids to CLIMB ALL OVER ANTIQUE HEADSTONES! OMG! That is incredibly dangerous! Please don't let your kids do that?! It's a freaking cemetery, not a playground!

So... Lancaster Cemetery sorta doesn't know what to do. What DO YOU THINK we should do? We love folks to visit our beautiful cemetery... but we don't want anyone to fall down or get hurt. I, personally, love the idea of this game - tho I don't play, myself. I worry that folks will not look where they're walking or stay after hours. Being 22 acres of open, somewhat secluded space within city limits, it does sometimes draw unsavory folks. Just saying.

Any ideas? We don't want to close the gates. That would be a shame.

This is my opinion ~ Thorne Lisa Wieland
