## WARREN COUNTY FAIR RIBBONS

Starting on page 2 are the people who won ribbons for their entries in Genealogy at the Warren County Fair.

There is a "Well-Rounded Genealogist" Sweepstakes Award that is presented to the person with at least 12 entries and the highest total number of points. The person must have at least 12 entries, with a minimum of 1 entry in Division 58, 3 entries in Division 59, 3 entries in Division 60, 1 entry in Division 61, and 1 entry in Division 62, and 3 or more entries of the participant's choice to a maximum of 20 total entries. Points will be given for each ribbon received: 3 points for each blue ribbon, 2 points for each red ribbon and 1 point for each white ribbon. The person receiving the award this year is Sue Keller.

**Carla Anders and Sue Keller**  
**CONGRATULATIONS SUE!**

As you will note when you look at who won the ribbons, we did not have very many people submitting entries this year. We encourage everyone to work hard at getting entries ready for the Fair next year. The Fair Board is thinking about taking away some of our space if we don't have very many entries next summer.

There will also be some changes next summer in the Classes you have to pick from and the time to have the entries at the Fair. We will give you the new information when the information is approved by the Fair Board and as the time gets closer to the Fair.

**ATTENTION ALL MEMBERS**

Some of our active members have proposed that Warren County Genealogical society become part of Warren County Historical Society. Preliminary talks have begun. We need to know how our members feel about this possibility.

I am a member of both organizations. I believe this is probably the best opportunity WCGS has to remain active in supporting research in family history. The reality is that Warren County Historical Society is a vital organization and WCGS has only five or six active members.

I believe that there are several reasons for this low participation rate. The primary one is that research into family history has changed dramatically since the organization was formed. At that time researchers needed to know where to look for records. Researchers needed training and support to be successful.

**Division 62 – Class 39 – Blue Ribbon**

Early Iowa Life  
Lisa Coffman

Now, family research is primarily internet based. I personally would not have much information if not for online data bases since I am second generation American. I could not afford to travel to England and Sweden for extended periods of time to research. Now I have information back to the 1500's and 1600's at the touch of a mouse. Your family story may be similar.

I do not know how or if an agreement can be reached between the organizations. I would like to see genealogy remain a part of the Warren County Fair. I would like to see our members and others provide support in research to people who are researching their family through training about online data bases and an annual research retreat. I would like to see support of the Historical Society library (cont. pg. 12)

## WARREN COUNTY MARRIAGE RECORDS OF OCTOBER 30, 1849 – DECEMBER 1899

The following marriage records were found in a notebook in the Warren County Historical Society Library. It is unknown where this information came from and who typed this listing. There are \* by a few of the dates. It denotes marriage license applied for but certificate not returned. The list will be continued in future newsletters as room allows. This is part two.
